

UCSF Benioff Children's Physicians - Pediatrician

Alameda, California, United States

Description

Pediatrician – Alameda, CA

We are looking for a pediatric provider for a full-time position at our location in Alameda, California. UCSF Benioff Children's Physicians (UBCP) is a multispecialty physician foundation, and an associated clinically integrated network. Our primary goal is to foster physician collaboration to deliver the most advanced maternal and pediatric care throughout Northern California and beyond. We are committed to valuing diversity and contributing to an inclusive working environment. We have Pediatric and Adolescent Care, After Hours Care, Ophthalmology, OB-GYN and Maternal-Fetal Medicine clinics located throughout the San Francisco Bay area.

The full scope of primary care services for children, and adolescents.

Direct patient care including evaluation, diagnosis, treatment, and referral or consultation as appropriate.

Timely and appropriate documentation of services provided to patients to ensure appropriate recognition of your clinical efforts.

Job Requirements:

Requirements

Must be certified (or board eligible) by the American Board of Pediatrics, a valid California medical license as determined by the Medical Board of California (MD's) and Osteopathic Medical Board (DO's), Federal Drug Enforcement Administration (DEA) license with a California address.

Benefits

We offer excellent benefits including medical, dental, vision (including dependent and domestic partner coverage), generous PTO benefits including 14 paid holidays, Flexible Spending Accounts, 401k retirement savings plan.

Salary \$200,000 - \$250,000/ annually

UBCP is an equal opportunity employer. We strongly encourage applications from women, people of color, and bilingual and bicultural individuals and members of the lesbian, gay, bisexual, and transgender communities. Applicants shall not be discriminated against because of race, religion, sex, national origin, ethnicity, age, disability, political affiliation, sexual orientation, gender identity, color, marital status, or medical condition.
